

1. Background.

- As you know, Westminster has been providing weekly faith-at-home resources (family devotionals) to help you engage your faith together in various ways, especially at a time when there is no Sunday morning youth ministries.
- This devotional invites you to talk about activities you have done previously which you feel were very positive, and send them to us.
- With these ideas, we will create a grid of activities—a kind of bingo sheet—to share with everyone. The variety will provide a great diversity of ideas and benefit our many congregants!

2. Materials Needed

a. You and your ideas!

3. Activity

- Simply talk about things you've done which have strengthened your faith together. They could be learning-based, activity-based, or a combination.
- Share them with (send them to) our Sunday School Coordinator, Laura Ruttan, at hudswell [at] Hotmail [dot] come.
- Westminster will then share the grid/bingo sheet with the congregation. We can benefit from each other's ideas and experiences!
- As you plan your summer, you can integrate activities that work with your schedule, and with the people in your household.
- The deadline in June 25th!
